*Dear Ferdinand,*

*Please find below my budget expenses for 2007. As can be deduced I have come in well within my budget. However the board needs to realise that a vast amount of my work on behalf of WACS was not recovered from the WACS treasury including the recently held Global Chefs Challenge Continental Finals and travels to areas of new business development. These costs have been absorbed into South African Chefs Association, or paid by myself.*

*At no time have I claimed for work done in my capacity as Congress Committee chair, yet this will become an issue as we move forward towards the congress of 2008.*

*Further, the lack of implementation of the hosting document as developed by me at your request after New York, will make it difficult to remain with budget for all continental directors.*
